Applications and typical treat level recommended

lubricants 0.5 to 1.5 % in the final, ready to use solution
Textile fluids
Coatings
Printing Inks
Cleaners

Benefits

Offers excellent compatibility with water; ADDAPT® Anticor A84 is non-foaming.

Can be used in any water-based system that comes into contact with different grades of aluminium, copper/bronze and ferrous surfaces.

Controls “pitting” of the metal surface

Its use is not restricted by the water hardness.
Safety and Handling

Please read Material Safety Data Sheet (MSDS) before handling.
